

An iceberg floating in the ocean. The tip of the iceberg is above the water, and the much larger base is submerged below the surface. The background is a clear blue sky with some clouds.

# Certified Refurbished Equipment

Buy telecoms,  
networking &  
optical transmission  
equipment you can trust.

Repairs, prestaging & logistics for the telecommunications & IT industry

**MULTIMESSAGE**

Enhancing Operational Efficiencies

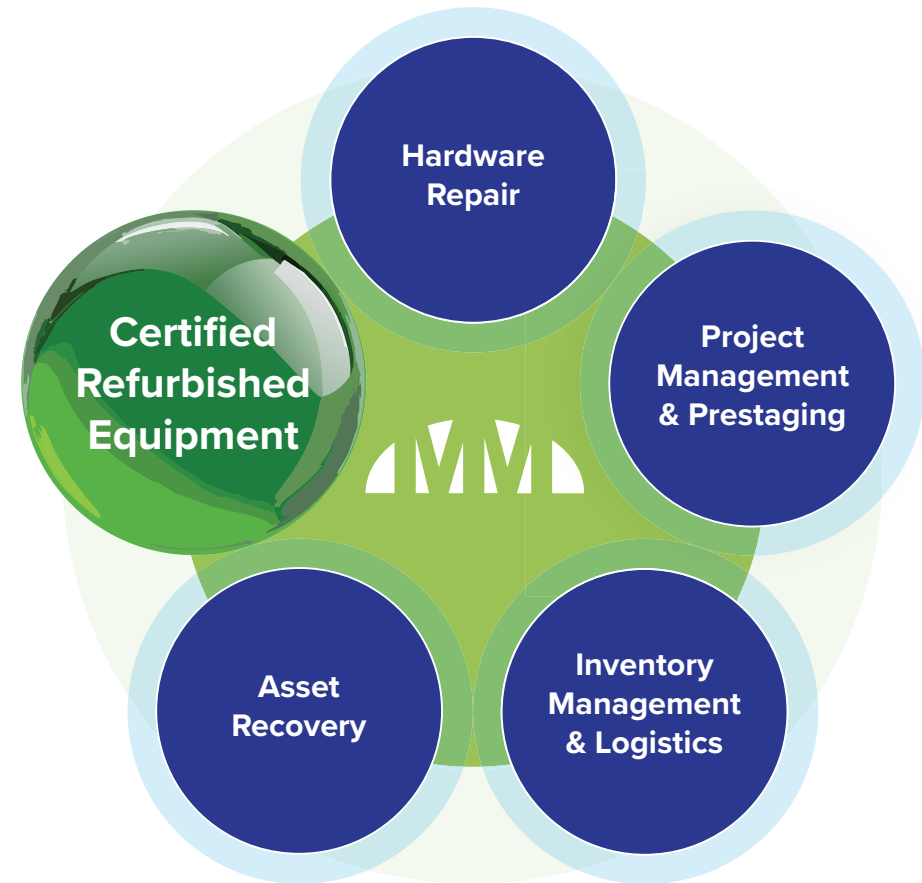

# Huge savings with no effect on performance

## Why buy refurbished?

Where new hardware is not essential, professionally tested and refurbished equipment is a sustainable alternative that will also create commercial savings – with no reduction in performance of the equipment and a 12 month warranty.

## Hardware lifecycle

Fully tested, Multimessage certified refurbished hardware is just one aspect of our '**Hardware lifecycle services**', ensuring we support the full product lifecycle – enabling partners to be more efficient and sustainable.

# Your one-stop shop for refurbished telecoms & networking equipment.

## Commercial savings

Professionally refurbished equipment can be up to 80% cheaper when compared to new OEM price.

## Sustainability benefits

Buying refurbished hardware ensures we are extending the lifespan of products within the telecommunications industry, spreading its carbon footprint over a greater period of time rather than having new products manufactured using valuable resources.

## Why buy from Multimessage?

Our thorough testing and repair capabilities are unique within our field, ensuring that our customers purchase from Multimessage with confidence. All equipment certified by Multimessage undergoes 'load' testing to guarantee full functionality.

## Service

Our dedicated hardware sales team specialise in refurbished hardware and work closely with our partners to support their evolving requirements.

Multimessage is a leader in the telecommunications services industry with a long history of innovative solutions for partners to improve efficiency and performance.

## Inventory volume

Our hardware sales team actively monitor industry trends to ensure we can support customer requirements, and our inventory spans thousands of parts codes across the full spectrum of vendors.

## Partner feedback

“Top quality refurbished equipment, we can trust that the products supplied have been rigorously tested by Multimessage. Would highly recommend their services”.
